

The purpose of these Release Notes is to inform OneUSG Connect technical staff and functional users of the scheduled 4.11 release of University System of Georgia (USG) functional application enhancements.

OneUSG Connect Release

General Information

Business Processes and Job Aids

Changes to the following Business Processes and Job Aids have been included in this release:

Known Issues

Module Specific Information
Employee & Manager Self Service (ESS/MSS)

Page Changes

Name Change Attachments	Employees may now attach documents to name change requests submitted via ESS.
MSS Transaction Date > Effective Date	The label of “transaction date” in MSS has been changed to reflect “effective date”
MSS Change Position and Funding	A known issue for Change Position and Funding in MSS where the “new position” field displayed all 0s has been corrected. This field will now show the proper position number for the position being updated.

Benefits Administration (B N)

Modifications to Existing Processes

Practitioners are able to change the benefit record number from 0 when adding a new employment instance
Workforce Administration > Job Information > Add Employment Instance

A fix was made in release 4.10 that prevents practitioners or the system from changing the Benefit Record Number to values other than zero.

An exception to this was found when adding a new employment instance. This release updates the behavior of Add Employment Instance to match that of Job Data to prevent

Commitment Accounting (CA)

Modifications to Existing Processes

<p>Load Combination Code Table</p> <p>Set Up HCM > Common Definitions > Chartfield Configuration > Load Combination Code Table</p>	<p>The Load Combination Code process (BORBUD003) was updated to process future dated payroll distribution codes (combo codes).</p> <p>This update will allow institutions to enter funding changes in advance of the effective date.</p>

Reports/Queries

<p>Predistribution Audit Report (Process Name = HPCA010)</p>	<p>Payroll for North America > Payroll Distribution > Commitment Accounting USA > Predistribution Audit Report</p> <p>Enhancements to the Predistribution Audit Report will make it more user friendly by providing more details on each entry. The report now includes 2 new columns for Employee ID (EmplID) and Employee Record (Empl Rcd).</p> <p>Enhancements have also been made to eliminate the trailing zeros after the fiscal year related to the 'Actuals Distribution Error 503' error message.</p>

Human Resources (HR)

Phone numbers will no longer save with less than or more than 10 digits.

Numbers will no longer save with values
